

## Numbers 5 • Sanctification in Right Relationships

---

1. (v.1-3) Some unclean conditions are \_\_\_\_\_ and restoration is possible. The biblical concept of “clean” and “unclean” really deals with \_\_\_\_\_ relationships.
2. (v.5-10) It is possible to be restored from some situations of \_\_\_\_\_. The biblical concept of sin really deals with \_\_\_\_\_ relationships.
3. (v.11-15) We are supposed to be jealous in our pursuit of \_\_\_\_\_ relationships, both physical and spiritual. The biblical concept of jealousy is the consuming, single-minded pursuit of \_\_\_\_\_. (2 Co. 11:2)
4. (v.16-28) The purpose of spiritual accountability is not to achieve satisfaction for \_\_\_\_\_ but according to God’s standards. \_\_\_\_\_ is always in God’s hands.
5. (v.29-31) Whereas the issue cleanliness involves \_\_\_\_\_ relationships, and the issue of sin involves \_\_\_\_\_ relationships, the issue of faithfulness involves \_\_\_\_\_ relationships.

### **Overall:**

Grain sacrifices cooked out in the open on a griddle are like the issue of \_\_\_\_\_: it’s a matter which \_\_\_\_\_ can publicly see.

Grain sacrifices cooked in a pan and partially covered are like the issue of \_\_\_\_\_: it’s a matter which can only be \_\_\_\_\_ observed between individuals.

Grain sacrifices cooed in an oven are completely sealed from view; \_\_\_\_\_ can only be fully \_\_\_\_\_ and \_\_\_\_\_ by God Himself.
