

Deuteronomy 8 • How God Uses the Necessities

1. (v.1-5) God's Word is not only a complete guide for **physical** life, it is required to sustain **spiritual** life.
2. (v.6-10) Biblically speaking, "**hunger**" represents spiritual **famine** whereas "**plenty**" represents spiritual **blessings**.
3. (v.11-17) **Pride** is evident when one embraces the false belief that they have **accomplished** everything on their own.
4. (v.18-20) Biblically speaking, one who "**listens**" is proven to the degree that they **obey** and put God's **Word** into practice.
