

Joshua 22:1-6 • Obedience Before, During, and After

1. (Num. 32:5-12) The issue is maintaining a right relationship with **BOTH God and man**.
2. (Numb. 32:20-24) A saving faith in Christ is accompanied by **promises** which we are obligated, on our part, to **keep**.
3. (Josh. 1:16-18) Obedience is not just required **personally**, but **collectively**.
4. (Josh. 4:10-13) The promise of obedience at the point of **salvation** has to be followed through as we engage in our **service** to God.
5. (Josh. 22:1-4) Biblical obedience is proven in the course of obedience to both **God** and **man**.
6. (Josh. 22:5-6) Biblical obedience is proven by our adherence to **God's Word** even when our leaders or brethren are not **present**.
