

Judges 19-21 • Civil War Among Believers

1. (19:1-4) Just as it is possible to recover from marital **adultery**, so it is possible to recover from spiritual **unfaithfulness**.
2. (19:5-10) Spiritual faithfulness is most often tested by personal **desires**.
3. (19:11-21) When believers no longer act like believers they become exactly like **the world** they live in.
4. (19:22-30) When believers become exactly like the world they live in the only solution is to be completely **rid of them**.
5. (20:1-17) Corrupt organizations are not often 100% **corrupt**, but are rendered useless because they refuse to hold the corrupt element **accountable**.
6. (20:18-35) Judgment always begins with **the house of God** first.
7. (20:36-45) When a person, group, or organization has been investigated and confronted with the issue of sin and steadfastly remains unrepentant, all that remains is **final judgment**.
8. (21:1-25) It takes the **righteous** interceding on behalf of the **unrighteous** to effect reconciliation.
