

Job 2 • When the Test Gets Personal

1. (v.1-2) Satan is a persistent **antagonist** working out of **animosity**, not an adversary for the **truth**.
2. (v.3-6) The first test involved **emotional** pain, the second **physical**.
3. (v.7-10) Satan employs earthly **agents** to attack spiritually as well, often individuals who are normally considered our closest **ally**. They will be aligned with the principle **spiritual** issue Satan is bringing to bear through earthly circumstances.
4. (v.11-13) There is no earthly **assumption** of a greater spiritual **issue**. Job's friends begin right with **empathy**, **support** and **silence**.
