

## Job 9 • He Is God, I Am Not

---

1. (v.1-12) God is all-**powerful**; there is no **power** man can apply toward God. Man's **environment** is completely subject to God's will and working alone.
  
2. (v.13-24) God is the final **Judge**—there is no **rule of Law** man can apply toward God.
  
3. (v.25-35) Man is completely **subject** to God—there is nothing he can achieve on his own to place him on an **equal footing** with God.
