

Psalm 32 • Dealing with Sin

1. (v.1-2) The process of forgiveness involves sincerity on the part of the seeker, not just going through the motions of asking to be forgiven “yet again”.
2. (v.3-5) The process begins with how one feels about sin and whether they’re willing to acknowledge it.
3. (v.6-7) Beyond seeking forgiveness of sin, seek God’s protection from it.
4. (v.8-9) Forgiveness is but a beginning leading to a lifestyle away from sin and toward a life dedicated to God.
5. (v.10-11) Real change is characterized by a heart that goes from being predisposed to sin to a heart inclined toward God’s ways.
