

## Proverbs 11-21 • References to “The LORD”

---

1. **The Sovereignty of the Lord**: Nothing will ever result from a relationship with God if it doesn't proceed from our absolute acknowledgment that our **will** must be subordinate to His **will**, our **ways** to His. Everything else **proceeds** from this point first.
  
2. **The Fear of the Lord**: To “**fear** the LORD” is to **apply** the knowledge of God's authority and divinity to our **daily** life, living to **please** Him rather than our self.
  
3. **The Heart of the Lord**: The true measure of someone who embraces God's sovereignty and biblically fears him is proven by their degree of **faithfulness** from the **heart**.
  
4. **The Abomination to the Lord**: God has made known those things which are absolutely **off-limits** and **offensive** to Him.
