

## Isaiah 38 • The Healing of Hezekiah

---

1. (v.1) It comes as a test from God.
2. (v.2) The initial right response is to seek God from the heart.
3. (v.3-8) Sometimes God sets specific times and dates, but more often He sets a "chronology", the sequence in which things will happen that may not have specific times assigned to each step.
4. (v.9-20) A right heart is not inclined toward material or earthly things for one's self, but entirely toward God.
5. (v.21-22) The most important concern is not for the resumption of one's "normal" life, but one's "spiritual" life; the priority is for restoration to the presence of the Lord.
