

Jeremiah 25 • God's Cup of Wrath

The Historical Cup of God's Judgment

1. (v.1-3) The time comes when the opportunity to repent and return to God **runs out**. It comes about when response to God's Word ultimately approaches **zero**.
2. (v.4-7) This is not a picture of people temporarily **backslidden** or struggling with their **faith**, but those who consistently resist God's **discipline** and decidedly choose to live according to their **own way** even though they know better.
3. (v.8-11) What happened to Judah at the hand of Babylon was intended by God to serve as a visible **testimony** of what it means to undergo God's **judgment**.
4. (v.12-14) What began literally and **historically** serves as a pattern and lesson for a greater, ultimate **fulfillment** to come.

The Prophetic Cup of God's Judgment

5. (v.15-26) A time comes when everyone must experience God's **judgment** for the **final** time.
6. (v.27-38) What was **fulfilled** in this historical event foreshadows a much greater and weightier final **fulfillment** yet to come.
