

Mark 10 • Setting Spiritual Goals

1. (v.1-12) The goal of right personal relationships is based on **faithfulness** rather than pleasing **ourselves**. Separation – whether physical or spiritual – is achieved by **unfaithfulness**.
2. (v.13-16) The goal of a right relationship with Christ is to be made **new** according to His **Word** and **ways**.
3. (v.17-31) A right relationship with Christ is achieved by forsaking **earthly** relationships in favor of **spiritual** ones in Christ.
4. (v.32-45) In order to fulfill our obligations of **love** and **service** to both Christ and others, we must leave behind the notion of being **served** in order to become a **servant**.
5. (v.46-52) Rather than seeking our **personal** concerns first, we should first seek **Christ**; proper submission to **Christ** takes care of everything else.
