

John 11:1-46 • Jesus Our Personal Lord & Savior

1. (v.1-16) Just because Christ does not **respond** as quickly as we **desire** does not mean He does not **love** us; He often does this “so that you may **believe**”.
2. (v.17-27) There is a difference between believing in Christ’s “**title**” and believing in Him **personally**.
3. (v.27-37) Faith is not about overcoming **emotion** or not having to go through intense **emotional** circumstances; faith is about **enduring** in spite of them, and at the same time knowing God has a greater **good** at work.
4. (v.38-46) Just as unbelief is tied to **disobedience** to the Word, belief is likewise tied to **obedience** to the Word. Not everyone who witnessed the miracle **believed**.
