

Acts 16 • God's Will vs. Our Perception

1. (v.6-8) We should **make** our plans to the best of our ability but remain open to the **Holy Spirit's** direction to **amend** them.
2. (v.9-10) God will reveal the greater **plan** we cannot see.
3. (v.11-15) The Holy Spirit knows how to most effectively **plant** the Gospel for **maximum** results.
4. (v.16-18) Satan will most certainly attempt to work against us by way of some kind of **deception** – attacks from **within**.
5. (v.19-24) If necessary, Satan will work against us through **persecution** – attacks from **without**.
6. (v.25-30) **Appearances** are often deceiving; we will be used by God under any set of **conditions**.
7. (v.31-32) The Gospel is the opportunity to begin **discipleship**.
8. (v.33-34) Addressing **spiritual** needs is often the first step toward addressing **physical** needs.
