

## 1 Corinthians 8 • Questionable Things

---

1. (v.1-3) It is not enough to simply extol the **truth**, but to do so from an attitude of **love**.
2. (v.4-8) Within the Church knowledge is a **tool** with which to **build**, not a **weapon** with which to **fight**. Biblical **love** takes into account biblical **maturity**.
3. (v.9-11) A big part of the maturing process has to do with the **conscience** which has more to do with **faith** than knowledge.
4. (v.12-13) A living example of Christ will **sacrifice** self for others and will not act **indifferently** to others.
5. **Application:** Christian **liberty** is not a license to become a **stumbling block** to others.
