

## Philippians 3 • The Spiritual Mind

---

1. (v.1-11) The spiritual mind deals with each Christian's **past** and how it is resolved through the biblical working of **salvation** to accomplish through God's **grace** in Christ what can never be accomplished by **religion** alone.
2. (v.12-16) The spiritual mind deals with each Christian's **present** and how it is dealt with through the biblical working of **sanctification** in the forsaking of the **goals** of this world in pursuit of "*the upward **call** of God in Christ Jesus*" (v.14)
3. (v.17-21) The spiritual mind point deals with each Christians **future** through the biblical working of their **glorification** not just spiritually but, in the end, **physically**. The power of the **resurrection** which first began its work through salvation is ultimately and literally completed to "*transform the **body** of our humble state into conformity with the **body** of His glory*". (v.21)
