

Revelation 22 • How to Personally Apply the Book of Revelation

1. (v.1-5) The most important things that **sustain** us in this life's walk with Christ are the things that **sustain** our fellowship with Him forever in eternity. Our new life actually begins **here**—death does not change anything but continues whatever we already started in this **life**.
2. (v.6-7) We are to put into practice His **Word** as already given.
3. (v.8-9) There will be people who are so convinced that they've learned and interpreted Revelation correctly that when faced with the actual events—not precisely revealing themselves as the person envisioned—that they will not be **overcomers**.
4. (v.10-11) We are warned to begin to live a changed and proper **life NOW** so that we will have put into repeated practice the qualities necessary to come through God's **judgment**.
5. (v.12-15) An overcomer seeks and practices biblical **righteousness** and **holiness** to prove adherence to the **Word**.
6. (v.16) Everything will work through **Christ** exactly as God intended from the very beginning.
7. (v.17) There is no possible way to respond to the book of Revelation without first properly responding to **Christ**.
8. (v.18-21) God's **Word**—as it stands right now—is sufficient to guide us.
